Sudoku? NO! Falcon 'O' Line numerology!

Luna - Mitchell - Sarreal - Arnold - Stoudt opened holes for a full regiment of runners: 2-Marro Lee 3/16/1 td; 3-Nikko Domingo 4/32; 4 Kevin Fernandez 2/14; 5 Mark Sereno 7/52/2 td's; 6 Sabarish Mohan 4/4/1td; 7 Zac Wilkerson 9/49/1 td; 12 Paul Perugini 6/68/1 td; 23 Sean Johnson 9/53/1 td; 47 Josh Lacey 1/1/1 td; 81 Patrick Kim 2/16. 47 total carries for 301 total rushing yards = 6.4 yds per carry and 8 td's - TB/TD (TouchBall/TouchDown). The aerial corps balanced the offense out with 189 yds of catches: Marro 1/8, Nikko 1/11, Sabarish 1/10, Sereno 2/56 and Sticky Nicky Ruiz 5/104. Nick really got a kick out this game as he booted through the last two PAT's. All this offense & 11 penalties for 105 yards? Huge! The Falcon D was hardly on the field long enough to tally many tackles. 21 Wes Berg led the way with 3 solo, 1 assist, 1 sack; 53 Patrick Arnold had 2 alone and 10 Alec Traber had a solo and assist - LB's clear to do damage due to a stalwart defensive line of Stoudt and 71 Bobby Becerra flanking the anchor 54 A-Fletch. With able assistance from 50 Josh Alcalde & 68 Dakota Tavizon, the Diablo's of the D line occupy the time of their counterpart blockers so that their mates may make the unrequested acquaintance of the oppositions dimming stars! Just because: Toss in forced fumbles by Arnold and 41 Chris Fierro, recovered with grace by Levi Walker and 61 Richard Weberg capped off with a 32 yard interception return for a td by 32 Michael Brown, and the Tornado warning was reduced to a wisp of wind.

Can't do it alone column: Thank you Dr. Zoric and Junko
